The 1stSales App is incredible! I've been attending Ed Tech conferences for the better part of a decade now, and there hasn't been a lead retrieval system that I enjoyed using until I tried your 1stSales app at the 2019 MACUL show - I never thought I would brag about a lead retrieval app! The way you can easily create custom categories, identify a hot lead and have that emailed to you immediately, and most of all, the system just WORKS! You don't have to get into weird angles trying to scan an attendees badge and creating awkward moments wondering if you should just give up. Keep up the great work and innovation! - Kurtis Hawkins
